 - **Internship report preparation:** between the end of the attachment and the presentation date
 - **Presentation:** end of January 2027
- Team Size: 1-4 members
- Allowance: \$1000 and above
- **Project content: at least 40% of coding assignments**

2 Options

- Self-sourced Internship
- School-arranged Internship

Self-sourced Internship

- The internship company should not be owned by you or your family members. You or your family members should not be in a position which can influence your internship grade.
- The internship must follow the internship duration and project requirements stated on the previous slide (Internship Program Overview).
- From now till the deadline (refer to the last page), source for the companies you would like to intern, attend interviews and secure an offer. You can use the internship program letter to showcase the skill sets you have or will have. When the offer is confirmed, ask the company to fill up the project proposal form.
- The monthly allowance should not be less than \$1000 per month.

Self-sourced Internship

- All project proposals have to reach NUS-ISS by the deadline (refer to the last page). (It can be sent by you or the company.) The company must state your name and matric number in the project proposal form.
- The school reserves the right to accept or reject self-arranged internships.
- The company must confirm acceptance by the deadline (refer to the last page).
- It can be a full-time job for local students if the employer agrees with the internship requirements.

Internship Process for School-arranged Internship

1. School sources for internship project proposals
2. Students upload CV by the deadline (refer to the last page).
3. School shortlists the project proposals and feedback on student strengths and team interactions
4. School allocates the projects to the student.
5. School sends student CVs to the companies
6. Company may contact students for test/interview
7. Company/student both confirm the acceptance

School-Arranged Internship - Choices

- Each student (excluding self-sourced internship) will be given **2 chances** (depending on availability of the proposals). **Failing to secure a chance includes the following scenarios:**
 - Companies reject w or w/o an interview
 - Students don't pass the test/interview.
 - Students turn down the company offer
- **Students will need to respond to the company offer within 3 days and honour their decision once it's made.**
- **Students who fail chances provided will opt (or source) for free internship. If no free internship can be found, the student will be asked for applying deferment.**

Online Declaration Form (All students)

- **Students declare they fully understand the process and timelines for**
 - Self-arranged internship
 - School-arranged internship
- **Make the declaration in *Canvas* (*Canvas Quizzes – Internship Arrangement Declaration Form*).**
- **Complete it as instructed before the due date.**
- **If the school doesn't receive the self-sourced internship project proposal before the school allocation starts, the students will be placed under the school-arranged internship group.**

Eligibility to GDip SA Internship
